## Senior Full Stack Engineer | Python (Django, FastAPI) | React.js, Next.js

### PROFESSIONAL SUMMARY

**Full-Stack Developer:** With over 7 years of experience in web development, I specialize in creating robust and dynamic real-industry applications. My expertise spans both frontend and backend technologies, enabling me to deliver comprehensive and high-quality solutions.

**Recent Project Highlight:** Developed and deployed a feature-rich e-commerce site from scratch, demonstrating my ability to manage the entire development and deployment lifecycle, from initial design to live production.

### TECHNICAL SKILLS

- Python | Django | FastAPIs | REST APIs | MySQL | GitHub
- JavaScript | React.js | Redux.js | Next.js
- HTML5 | CSS3 | Responsive Design | Custom Front-End Development
- Deployment Automation | Server Management | Nginx | Unicorn

### PROFESSIONAL EXPERIENCE

**E-COMMERCE DEVELOPMENT LEAD, FENZACCI TRADING LLC - *United Arab Emirates***

**Dates From – 18-07-2022 to Present**

**Developed E-Commerce Platform:** Built a complete e-commerce website from scratch, handling every aspect from design and development to deployment and ongoing maintenance.

**Custom Front-End Design:** Crafted unique and responsive front-end designs tailored to the company's brand, ensuring a seamless and engaging user experience across all devices.

**Custom Coding:** Wrote custom code to implement specific features and functionalities, ensuring the site met all unique business requirements and standards.

**Back-End Development:** Created and managed server-side logic and databases to efficiently handle product management, transactions, and user data.

**API Integration:** Integrated various third-party APIs for functionalities such as SEO, payment processing, shipping, and user authentication, enhancing overall site capabilities.

**SEO Optimization:** Applied SEO best practices to improve search engine rankings and increase organic traffic to the site. **Gateway Setup:** Implemented multiple payment gateways to provide secure and flexible payment options for customers.

**User Authentication:** Developed secure login and registration systems, including role-based access controls, to protect user accounts and data.

**Store and Inventory Integration:** Connected with external systems for inventory management and order processing to ensure accurate and synchronized data.

**Performance Optimization:** Optimized site performance to ensure fast load times and smooth operation, enhancing the user experience.

**Deployment and Maintenance:** Managed the deployment process, ensuring a smooth transition from development to live site, and handled ongoing updates and maintenance.

**Collaborative Approach:** Worked closely with designers, marketers, and other stakeholders to align the site's design and functionality with the company's vision and brand identity.
